

The Alzheimer's Association Eastern Maine Chapter is preparing for the Walk to End Alzheimer's 2018.

No one escapes this disease - one in three seniors will die from Alzheimer's or a related dementia. If it isn't you or your loved one, it WILL be someone you know. At this point, this is the only cause of death among the top 10 in America that has no prevention, no treatment, and no cure. An Alzheimer's diagnosis is a death sentence.

### We are fighting to find the First Survivor!

Our team, Russ's Angels, will be hosting a fundraiser at the Columbia Town Hall (106 Epping Road, Columbia) on [Saturday, September 8th from 5:00-7:30 PM](#). We would greatly appreciate any help you could provide. This could come in the form of a monetary contribution, an item to be auctioned, a basket for our raffle, food or drinks for the event or deciding to join our team!

The Bangor Walk to End Alzheimer's will be held at the [Darling's Waterfront on October 20th](#). The walk is the largest annual fundraising event held by this non-profit organization. The money raised from this event will provide funding for vital research; and fund local programs and services that benefit those who suffer from Alzheimer's disease or related disorders, as well as their families.

The Alzheimer's Association is a 501(c)(3) organization and should you need it the Association's tax ID # is 13-3039601. Your consideration is greatly appreciated.

Sincerely,

Mardi Russ, Team Captain
