

The Community Caring Collaborative invites you to

# Impacts of Poverty on Students & Families

a FREE 3-hour training

**March 18, 2019 — 9 am to 12 Noon**

Science 102 at University of Maine, Machias

with a Zoom connection to the

Media Room at Washington County Community College

Participants will learn about:

- The various types of poverty
- How poverty is measured
- How social policy and poverty are linked
- Links between ACES, toxic stress and poverty
- Poverty and the science of resiliency
- Best practice responses to poverty

*This training is designed for staff at all levels in Family Futures Downeast partner organizations. Staff from other CCC partner organizations who find this relevant to their work are welcome to attend.*
