

Down East Hospice Volunteers of Washington County, Maine
www.downeathospicevolunteers.org

As of March 13, 2020 Down East Hospice Volunteers suspended official hospice client visits in private homes and all facilities in our community. Each volunteer hospice organization throughout the state of Maine has adopted the same policy until further notice.

We will continue to follow developments and take caring steps to stay in touch with our community of hospice clients, caregivers and our dedicated hospice volunteers.

DEHV is committed to following the appropriate protocol during this crisis. We appreciate your understanding and support during this difficult time.
