

The Connection Initiative

Your Connection To Local Resources

We respond to Washington County neighbors' needs with care, connections, and options.

The Connection Initiative (TCI) is a county-wide program hosted and coordinated by the Community Caring Collaborative that connects community members to needed resources. It uses an online platform that allows the moderator to connect community members to needed resources or organizations.

HOW IT WORKS

- 1. Contact The Connection Initiative via phone, text, email or through our website or Facebook page.*
- 2. We will work with our partners at agencies and organizations throughout Washington County to get you connected to the services or resources you need.*
- 3. Dante, TCI's program manager, will follow up with you to ensure your needs are met.*
