

SEXUAL ASSAULT FORENSIC EXAMINER EDUCATION

Adult/Adolescent

March 11 - 15 & 23
2024*

In-person only

PURPOSE

To provide comprehensive education and training in the care of patients who have suffered the trauma of sexual assault, in the collection of forensic evidence, and how to be a witness in court proceedings. This national training model utilizes an interdisciplinary, community-based approach for the dignified and compassionate care and treatment of adult, adolescent, and pediatric sexual assault patients.

LOCATION
